Jeff Kort is a financial advisor with Munn & Morris Financial Advisors (MMFA). Jeff selected this firm as it is aligned with his commitment first to his clients' best interests, with constant personal attention and a comprehensive, solution-focused approach. By continuing to develop relationships, he gains both a comprehensive and a confidential understanding of your needs and goals, and customizes financial solution options to achieve the objectives.

Munn & Morris leverages a team approach to client management, working hard to enhance and preserve your investments, and recognizing synergies from individual expertise throughout the firm. Further, advisors with the firm utilize a unique proprietary investment process designed to reduce market risks, overcome inherent weaknesses of occasional underperformance from asset allocation, and minimize losses when markets drop.

Born in Kansas City, and an adopted native of Dallas for the past 20 years, Jeff graduated from Indiana University with an Accounting degree and earned his CPA while at Coopers & Lybrand. While at Sprint, Jeff also earned an MBA and completed the Certified Financial Planning Certificate program at SMU.

Jeff is actively involved with Temple Shalom, Boy Scout Troop 444, his Children's schools, and the Wounded Warrior and Snowball Express projects. He relishes time with his wife, children, extended family and friends as well. He also enjoys Dallas area dining, loves to travel, is an avid sports fan, and smiles at opportunities to serve others.
